Agenda (All times listed in CST)	
11:00-11:10 a.m.	**Introductions** *Please share your name, role and organization*
11:10-11:55 a.m.	**Virtual Nursing and Artificial Intelligence Introduction / Case Study** Atrium Health *Presenters: Amber Allmon, Deshaun Bell, Emily Cornelius, Nicole Deal, Patricia Mook, Emily Mueller*
11:55 a.m. – 12:45 p.m.	**Group Discussion** *All Involved* Discussion Prompts: • How could more facilities successfully adopt or implement virtual nursing? What tools and resources are needed in different environments to make this reasonable and feasible? For example, consider small, rural or critical access organizations. • What are implications and benefits for nurses? • How does AI and machine learning support these programs? • What benefits do AI and machine learning offer small organizations? • What can be done and not done? What can be done better? • Who should be involved in expanding these types of programs? • What are steps needed to transition? • What other technology can further enhance these models, and how? • What other resources are needed? • What additional research is needed to support this work?
12:45 – 1:00 p.m.	**Next Steps / Consensus** *All Involved* What is the next step to take to advance Virtual Nursing and Artificial Intelligence across the country? How do we make that happen?
