

JOAN O'HANLON CURRY, DNP, RN, CPNP-PC, CPON®, NEA-BC, FAPHON, FAONL, FAAN

PROFESSIONAL SUMMARY

Dynamic nursing executive with over 20 years of progressive leadership in pediatric and adult oncology, ambulatory, and inpatient services across leading academic and NCI-designated cancer centers. Nationally recognized as a transformational leader who aligns nursing strategy with organizational vision, drives innovation, and delivers measurable improvements in quality, safety, and engagement. Proven success leading complex systems, strengthening professional governance, and achieving Magnet® designation with distinction. A trusted voice in national nursing organizations, advancing policy, advocacy, and global nursing excellence.

PROFESSIONAL EXPERIENCE

Dana-Farber Cancer Institute

February 2026–Present

Senior Director of Nursing, Inpatient Oncology

Serving as Senior Nursing Director for the Inpatient Hospital at Dana-Farber Cancer Institute, providing 24-hour strategic and operational leadership for inpatient nursing services to ensure exceptional, compassionate, patient- and family-centered oncology care. Partnering with executive, clinical, and operational leaders to align nursing practice with the Institute's mission, values, and Professional Practice Model while advancing quality, safety, and regulatory excellence. Leading workforce development, mentorship, and engagement initiatives that build high-performing nursing teams and strengthen interdisciplinary collaboration. Overseeing nursing practice standards, quality improvement, fiscal stewardship, and strategic growth initiatives that support a positive professional practice environment.

The University of Texas MD Anderson Cancer Center

January 2024–January 2026

Project Director, Office of the CNO

Served as Chief of Staff to the Chief Nursing Officer (ad interim), provided executive coordination and oversight of high-priority initiatives to align nursing operations with institutional goals. Co-led division-wide employee engagement efforts, developed action plans, analyzed data, and implemented evidence-based practices to strengthen workplace culture. Supported the nursing strategic planning process by partnering with cross-functional leaders to define priorities, set measurable objectives, and established long-term roadmaps for nursing excellence and innovation. Oversaw nursing-related projects to ensure quality outcomes, timely delivery, and compliance, while fostering collaboration across all levels of the organization to advance strategic initiatives and sustain operational excellence.

Key Accomplishments:

- Member of the Multi-disciplinary Rounds Taskforce as part of the Hospital Throughput Initiative. Improved discharge orders by 9 am to 56%, representing a 37% improvement. Patients discharged by noon increased 35% to an average of 49.1%.
- Served on the Magnet® leadership team, contributing to the development of exemplar narratives, collection, and validation of data that achieved the organization's 6th Magnet designation with distinction.

- Co-led multiple enterprise-wide nursing initiatives focused on improving employee engagement, including the development of action plans, data analysis, and implementation of evidence-based best practices to enhance workplace culture.
- Assisted in the nursing strategic planning process, collaborating with cross-functional leaders to define priorities, set measurable goals, and develop roadmaps that support long-term nursing excellence and innovation, as directed by the CNO, ad interim.
- Co-led a professional governance book club to strengthen shared decision-making leadership's knowledge of peer review through targeted education, serving as a catalyst for the restructuring and advancement of the institution's nursing professional governance model.

The Mount Sinai Hospital

February 2023–January 2024

Director of Nursing, Oncology and Palliative Care

Reporting directly to the Chief Nursing Officer and Vice President of Oncology Nursing, provided strategic leadership and oversight for oncology nursing practice, ensuring the highest standards of quality, safety, and patient-centered care. Accountable for the operational and clinical management of 121 inpatient oncology beds, with oversight of more than 400 employees and a \$30 million budget. Led initiatives to optimize workflows, strengthen interprofessional collaboration, and improve patient outcomes.

Key Accomplishments:

- Reduced leadership vacancy from 75% to 12%.
- Reduced staff RN vacancy from 40% to 12%.

The University of Texas MD Anderson Cancer Center

January 2018–February 2023

Administrative Director, Pediatric Clinical Services

Reporting to the Chief Nursing Officer and Division Head of Pediatrics, provided enterprise-wide leadership for nursing practice and standards for pediatric patients across MD Anderson, encompassing both inpatient and outpatient care. Delivered strategic oversight to ensure quality, safety, and optimal nurse-sensitive outcomes, while driving the development and restructuring of nursing and advanced practice provider services to support planning, budgeting, and growth. Coordinated multidisciplinary clinical operations across the Division and care centers, guiding initiatives to enhance clinic services, facility design, operational efficiency, and patient experience. Oversaw more than 250 employees and a \$20 million budget, including Advanced Practice Providers, Stem Cell Coordinators, Associate Directors, Nurse Navigators, Managers, and Business Services teams. Led expansion planning for pediatric patient care operations in alignment with institutional strategic priorities. Served as an active member of multiple executive leadership bodies, including the Scientific Research Council, the Children's Cancer Hospital Executive Leadership Committee, and the Chief Operating Officer Leadership Team.

Key Accomplishments:

- Designed and implemented the Pediatric Acute Cancer Care Center for after-hours and unplanned urgent visits.
- Established the initiation of chemotherapy for planned admissions to be in the outpatient clinic, leading to a reduction in ALOS.

- Coordinated the transition of Pediatric Intensive Care Services to the Pediatric Intensive Care Unit.
- Established and supported pediatric regional oncology clinics at Memorial Hermann and League City.

The Children's Hospital at Montefiore

August 2004–January 2018

Administrative Nurse Manager, CHAM 9, Children's Hematology/Oncology/Bone Marrow Transplant Floor/Outpatient Hematology/Oncology Services

As a nursing leader overseeing a 35-bed pediatric hematology/oncology inpatient unit and comprehensive outpatient services, provided strategic direction for program development, clinical innovation, and operational excellence across the continuum of care. Partnered with the Division Chief to establish an outpatient chemotherapy program, design an 11-bay infusion center, and restructure inpatient care delivery to enhance quality, efficiency, and patient outcomes. Oversaw more than 125 full-time employees and a \$6 million inpatient budget, leading a multidisciplinary team of Advanced Practice Providers, nurses, and support staff to deliver evidence-based, patient- and family-centered care for children with cancer and hematologic disorders.

Key Accomplishments:

- Designed and created an 11-bay outpatient infusion area.
- Collaborated with Division Chief and inpatient nurse manager to restructure clinical care of admitted hematology/oncology patients.
- Provided comprehensive health care to pediatric patients with cancer and hematologic disorders.
- Provided nursing education to enhance the knowledge and competency of nursing staff.
- Developed and launched school re-entry program.
- Revised and implemented hospital policy regarding administration of chemotherapy agents.
- Responsible Individual for the Children's Oncology Group for the Division.

The Children's Oncology Group, Nurse Auditor

November 2010–Present

- Member of the audit team for research compliance on clinical trials.

Memorial Sloan Kettering Cancer Center

May 1998–March 2007

Pediatric Nurse Practitioner, Pediatric Surgical Nurse Practitioner

Registered Nurse | February 1993–May 1998

EDUCATION

Case Western Reserve University – D.N.P., Executive Leadership Program, Miller Scholar, Cleveland, OH.

Scholarly Project: "Political Astuteness in Nursing Leaders: A Baseline Study." 2023

Columbia University – M.S.N., Pediatric Nurse Practitioner, New York, NY, 1998

Pace University – B.S.N., Nursing, Pleasantville, NY

Kenyon College – B.A., Psychology, Gambier, OH

Coldiron Senior Nurse Executive Program – Marian K. Shaughnessy Nurse Leadership Academy, Case Western Reserve University, 2022

APPOINTMENTS

Association of Pediatric Hematology Oncology Nurses (APHON)

Over the course of 10 years of service on the Association of Pediatric Hematology/Oncology Nurses (APHON) Board of Directors — including six years as Treasurer and four years in the presidential track (President-Elect, President, and Past President) — I provided strategic and financial leadership that advanced the organization’s mission and global reach.

During my tenure, APHON achieved a 25% increase in membership, reflecting strengthened member engagement and value. I spearheaded the international expansion of our flagship Chemotherapy/Biotherapy Provider Program, broadening access to this critical education for nurses worldwide. Amid the challenges of the COVID-19 pandemic, I ensured the continuity of our high-quality continuing education programs through innovative delivery methods.

Additionally, I led a comprehensive assessment of our management company, guiding the evaluation process to ensure alignment with APHON’s strategic priorities and operational needs. This sustained leadership helped position APHON for continued growth, influence, and impact in pediatric hematology/oncology nursing.

2026–Present	National Advocacy Committee	Chair
2025–Present	National EBP/Research Committee	Member
2024–2025	National Advocacy Committee	Vice Chair
